HISTORY

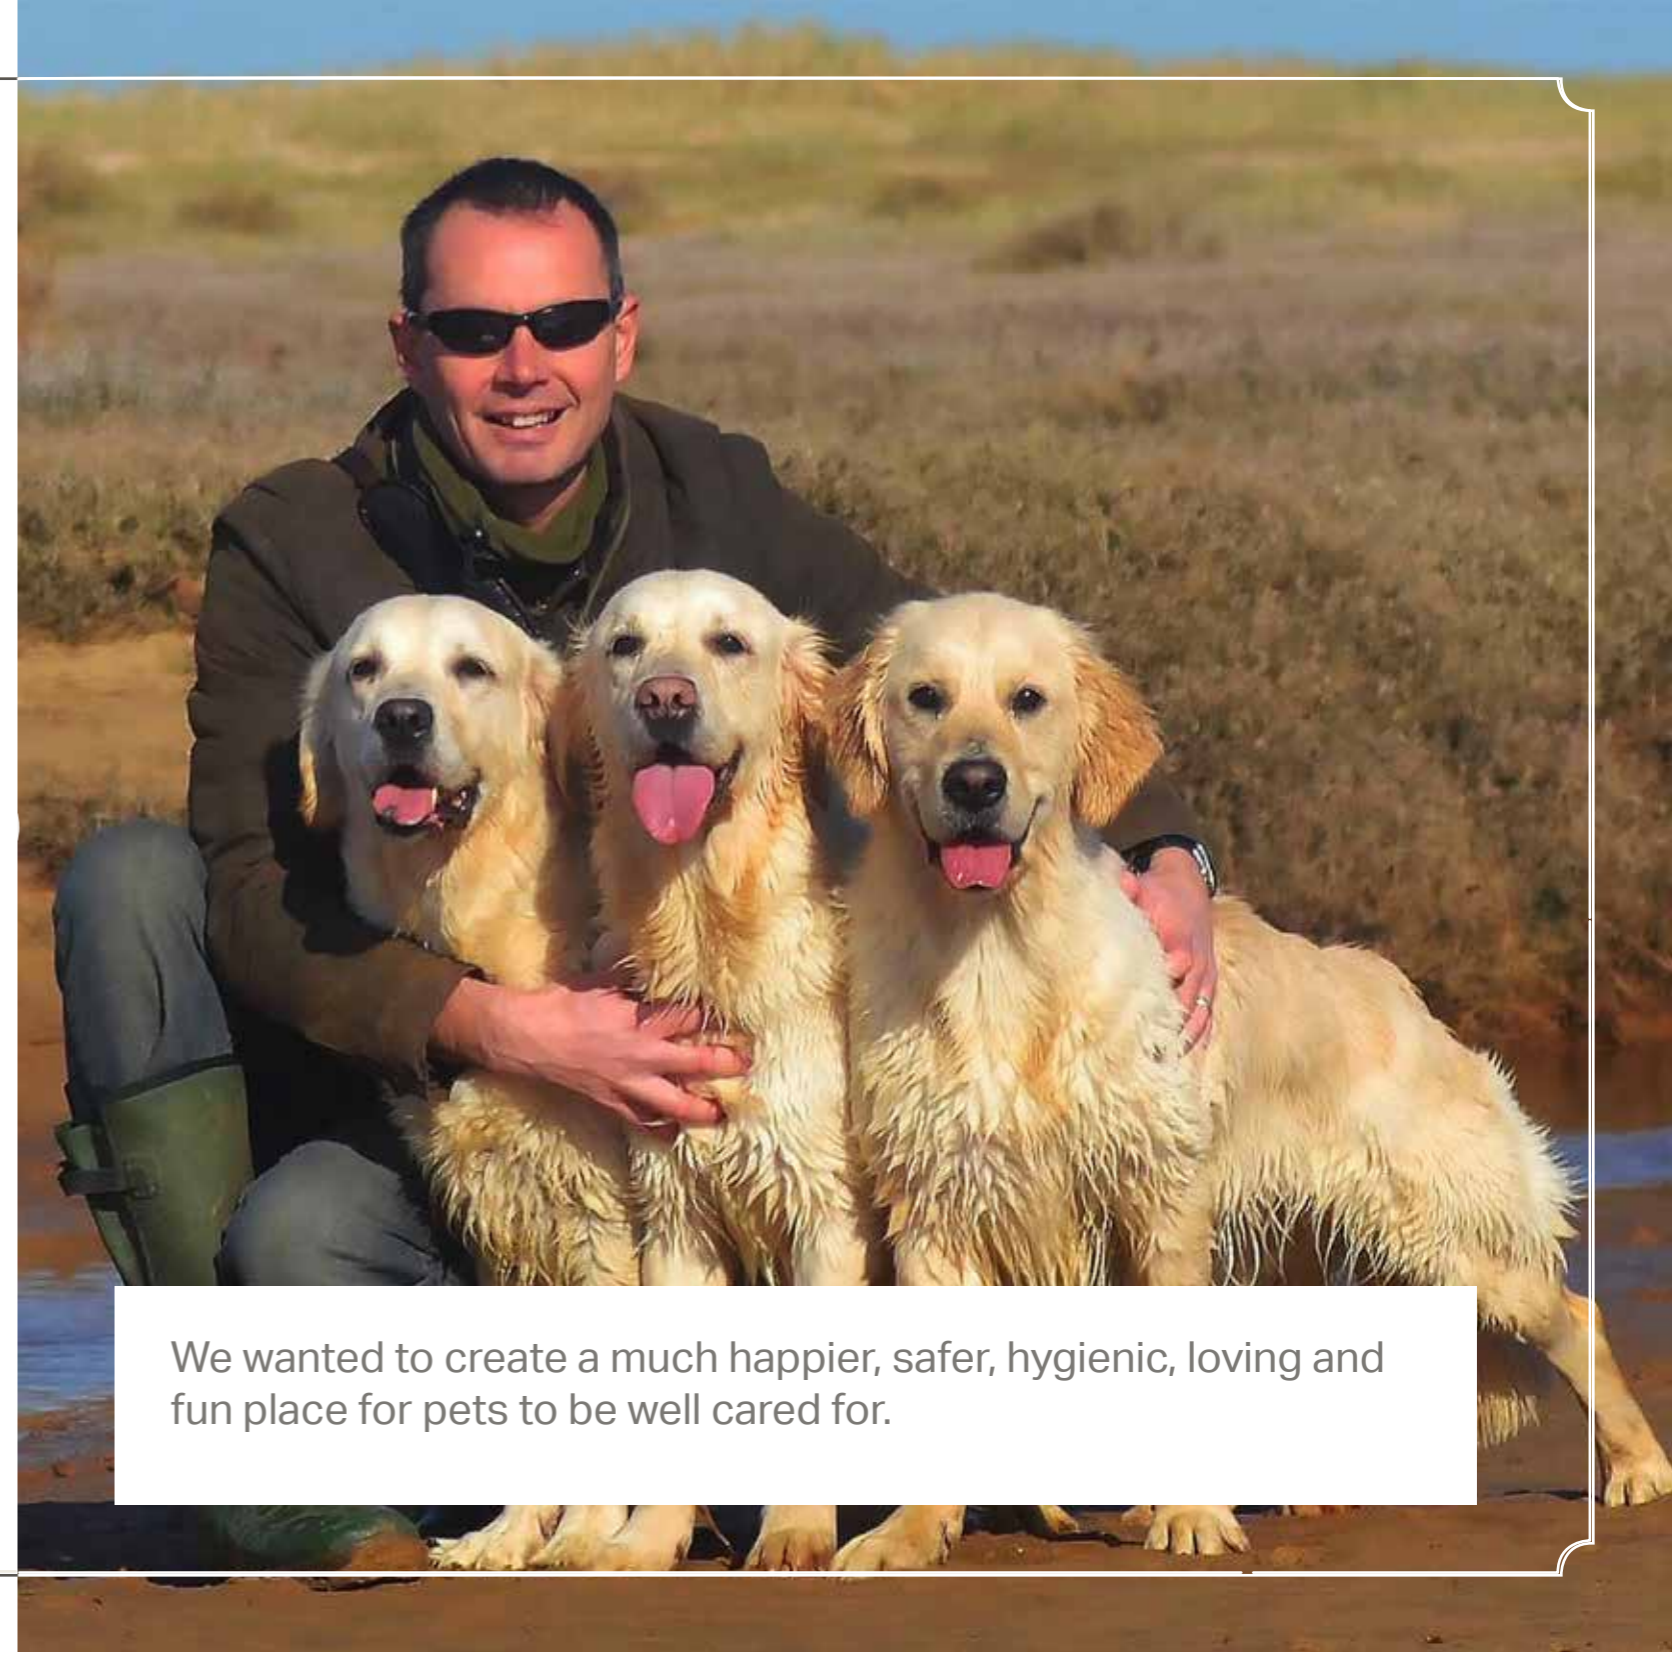

Since buying Westlodge Boarding Kennels and Cattery in 2006, our vision has always been to ensure we have one of the best pet facilities in the country.

We've been deeply upset to see conditions in some licensed facilities that are trusted to look after much loved cats and dogs whilst pet parents are away.

We decided to build our pet hotel with advice from experts and organisations who care for pets, to make sure we invested in the very best facilities.

The design and high standard of our animal accommodation is extremely spacious, light, bright and overlooking beautiful gardens.

We wanted to create a much happier, safer, hygienic, loving and fun place for pets to be well cared for.

CARING STAFF

Our staff have a wide range of qualifications and experience. They have all taken courses at a local Animal Care College, some worked for The Blue Cross caring for cats, and some in livery.

Kate (shown right) is our Facilities Director and has been with us since 2009. Lauren, our Facilities Supervisor has been with us since 2015.

Laura, Karri and Lucie have been with us since 2007, 2017 and 2019. They have all built up a wealth of knowledge in caring for our precious pet guests..

It's important to us that all of our staff are deeply committed to the care of much-loved pets. So, if you have any queries, no matter how small, please don't hesitate to talk to us. You will always be welcomed warmly at Westlodge Pet Hotel.

We pride ourselves on our care and feel it's vital that all our guests have the attention and stimulation they fully deserve.
